EDUCATION

Bachelor of Science in Computer Science, December 2024
Charleston Southern University
Charleston, South Carolina

EXPERIENCE

Tutor   August 2021 to Present
Self-Employed
- Assisted multiple students between middle school and high school with homework, projects, and test preparation to improve academic performance.

Team Member   June 2023 to December 2023
Target
Summerville, SC
450 Azalea Square Blvd
- Worked in the Tech department serving guests with needs ranging from laptops and TVs to printer ink. Responsible for stocking shelves, assisting guests, and zoning.

Department Manager and Personal Shopper   June 2022 to May 2023
Lowes Foods
Charleston, South Carolina
3125 Bees Ferry Road
- Served as department manager of online grocery during the summer of 2022, responsible for scheduling and facilitating an effective team that provided on-time grocery orders at scheduled pick-up times.
- Customer-focused personal shopper who shopped orders and provided consultation for substituted items.

Customer Service Associate   August 2020 to May 2021
Lowe's Home Improvement
Summerville, South Carolina
1207 N Main St.
- Served customers by providing product and service information on color, sheen and type of paint based on their criteria. Recommended potential products on dry-wall repairs and paint application methods.

https://github.com/Natemixon7/CSU-Senior-Project

This is a website that allows users to customize and order a PC. It uses python to web scrape prices from Amazon and New Egg every 24hrs.

https://github.com/Natemixon7/CWebsite/tree/master

This is a website I created for a friend's landscaping business that showcases his services and highlights his previous work. It also allows his customers to communicate with him and request work to be done.

https://github.com/AlexThomp1/HL7FamilyTreeConverter

This is a tool that allows medical staff working with genealogy trees to reorient the trees based on who they need the focus patient to be. This project was inspired by a doctor at the MUSC who does leading research in the genealogy field.
